

Functions available on the SE-S3000/C3500 only

Support for 7,000 PLUs

Support for 7,000 price lookups (PLUs) and use at up to 72 departments (30 x 2 departments for the C3500) makes these registers suitable for use in department stores and other stores carrying a wide variety of products and cafes and restaurants with large menus. The scanner function promotes quick and easy price registration.

*The SE-S400 supports 72 departments and 3,000 PLUs, and the SE-C450 supports 25 x 2 departments and 3,000 PLUs.

2-sheet printer

This printer can print a journal containing the sales amount and transaction details together with receipts. Since journal data can be recorded and stored, it can be used for confirmation, totaling, analysis, and other purposes.

Interfaces

Medium-size drawer

Two drawers are available. The small drawer efficiently holds five types of coin and four types of banknote, and the medium-size drawer holds eight types of coin and four types of banknote.
